PROFESSIONAL SUMMARY

Results-driven Software Developer proficient in C, Core Java, and MERN stack, with experience in full-stack development, API integration, and database management. Strong problem-solving skills, hands-on experience in SDLC. Passionate about writing clean, efficient code and collaborating in Agile teams.

TECHNICAL SKILLS

- **Programming Languages:** C, Core Java, JavaScript
- **Web Technologies:** HTML, CSS, Tailwind CSS, Bootstrap, RESTful APIs
- **Databases:** MySQL, MongoDB
- **Frameworks & Libraries:** Express.js, React.js
- **Development Tools:** Git, GitHub, VS Code, IntelliJ IDEA
- **Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js)
- **Soft Skills:** Team collaboration, Problem-solving, Technical documentation

PROJECTS

Wanderlust   **Aug 2024 - Jan 2025**
- Developed an Airbnb-like full-stack web application with authentication, property listing, and booking features.
- Implemented cookies-based authentication to enhance security and user experience.
- Optimized backend API calls, reducing response time by 30%, implemented Restful APIs.
- Built a responsive front-end using Bootstrap.

E-Library Full Stack   **April 2021 - present**
- Designed and developed a full-stack digital library where users can browse, search, and download books.
- Integrated MySQL database for efficient storage and retrieval of book metadata.
- Implemented user authentication and session management for a personalized experience.

EDUCATION

Chandigarh University   **Sep 2020- July 2024**
Bachelor of Engineering (CSE)   Mohali, Chandigarh
K.C.M World School   **July 2019 - June 2020**
Intermediate(CBSE)   Palwal, Haryana
K.C.M World School   **July 2017 - June 2018**
Matriculation(CBSE)   Palwal, Haryana

CERTIFICATIONS

- **Web Development Certification** – Internshala Training
- **SQL Certification** – HackerRank
- **Software Engineering Intern Certification** – HackerRank
